How do I obtain a certificate for an event?	25
Who do I contact for help with an event?	25
Who do I contact for help with a technical issue?	25

OVERVIEW

The Professional Learning Registration System (**PRLS**) is an online catalogue of events and activities where SCOE employees and the public can register for events. Additionally, it is a system for SCOE staff members that need to schedule, publish, manage, and report outcomes on SCOE sponsored events.

Public Website: <https://proflearn.scoe.net/>

- This site provides an online catalogue of searchable events where SCOE employees and the public can register for events.
- A user account is not required to register and participate in events but is recommended.
- Having a user account provides the following advantages:
 - Streamlined registration process.
 - Personal access to future and historical registration information.
 - Personal access to event certificates.
 - Easy access to event materials.
- Refer to the Public Website [Frequently Asked Questions](#) for additional information.

Private Website - Event Administrators: <https://proflearn.scoe.net/Account/Login>

- This is a secure site for SCOE Event Administrators to schedule, publish, and manage their event information and obtain reports.
- The following features include:
 - Event Record Management
 - Registration Management
 - Enrollment Management
 - Attendance Management
 - Participant Name Badge Tool
 - Participant Feedback Tool
 - Event Certificates Tool
 - Payment Tracking
 - Reports
 - Event Admin User Guide (PDF)
 - Non-Registration User Guide (PDF)
- Event Administrator's access and permissions are based on assigned department(s) in their user account.
 - More than one person within a department can have access to event records and reports.
 - A user can be assigned to multiple departments.
 - Designated departments can be changed upon request.
- Logistics for events can be in-person, virtual or both.
- Events can be free or require a cost to participate.

NOTES:

- The PLRS is not interoperable with outside systems such as Outlook, GMAIL, Zoom, Canvas, Google Classrooms, or other SCOE systems such as QSS.
- The PRLS is not a learning content management system. It does not deliver, manage, or track course content and learning activities.

ACCOUNT MANAGEMENT

Event Administrator Account

This type of account is for SCOE employees who need to schedule, manage, and track events information. It also provides access to the non-registration tool to upload attendance summary information where no registrations were required.

Follow the steps below to request an Event Administrator account:

1. Send an email to proflearn@scoe.net and include the name of the SCOE department(s) to be included in the account.
2. After the account has been created, an email will be delivered to your SCOE email address.
3. Follow the instructions in the message to confirm your account and set your password.

NOTE: Your password must be at least six characters long and must contain at least one uppercase letter, one lowercase letter, and one digit.

Log into An Account

1. Go to <https://proflearn.scoe.net>
2. Select Log in.
3. Enter your SCOE email, password, and select submit.

Reset Your Password

1. Go to <https://proflearn.scoe.net>
2. Select Forgot password?
3. Enter your SCOE email address.
4. Select Reset Password.
5. Check your SCOE email for instructions on how to reset your password.
6. Select the link provided in the instructions.
7. Enter and confirm a new password.
8. Select Reset.

EVENT ADMINISTRATOR DASHBOARD

The [Event Administrator Dashboard](#) provides access to the following features:

1. **Registration Events** – Schedule, publish and manage event registration records.
2. **Non-Registration Events** – Submit attendance summary for events where **no participant registration** was used, and the event was **not published** on the website. There is a separate guide to submit these types of events.
3. **Feedback Templates** – Create, store, and re-use surveys for your department or program.
4. **Certificate Templates** – Create, store, and re-use certificates for your department or program.
5. **Department Logos**- Upload, store, and re-use logos for your department or program. Logos can be displayed on published events and certificates.
6. **Reports** – Export the following information to Excel:
 - Event records
 - PayPal Transactions
 - End of Year Report
7. **User Guides**
 - Registration Events
 - Non-Registration Events

CREATE AN EVENT RECORD

There are several forms to be completed before an event can be published on the public website. Review all event information prior to publishing to ensure accuracy before participant registrations occur.

1. From the [Event Administrator Dashboard](#), select Registration Events.
2. Select + Add New Event.

General Information Tab

Use this form to provide general information about the event.

1. Enter the event name.
2. Enter a description of the event and include enough information so users understand what is being offered and promotes the event. This information will appear on the public website so do not include information intended only for those who have registered, such as Zoom links.
3. Select the “?” icon for more information or to understand how to best select an answer for a field.
4. Complete all required fields noted with an asterisk *.
5. Optional Distinguished Speaker Field:
 - a. Check the box when a distinguished speaker will be presenting.
 - b. Enter their name.
 - c. Upload an image if available.
 - d. Provide a title.
6. Enter the name of the SCOE event contact.
7. Provide an email address for the event contact.
8. Select Save.

Search Tab

Apply search criteria for an event by selecting all the categories and sub-categories that best describe the event. Participants can use them to search for events on the public website. The information will also be used for the SCOE End of Year Reports, so it is important to select all that apply.

1. Select all the applicable options on audience focus areas and roles.
2. Select Save.

Location Tab

Use this form to set the location for the event. Events can be in person at a physical location, virtual, or both.

1. **SCOE Location:**
 - a. Select a site from the drop-down list.
 - b. When selecting the David P. Meany (DPMEC) building, select the room.
 - c. The address will automatically be displayed.
2. **Non-SCOE Location:**
 - a. Select Other from the drop-down list.
 - b. Enter the name of the location and the address.
3. **Virtual Events:**
 - a. Check the box.
4. Select Save.

NOTE: Virtual logistics such as a Zoom link will not be entered here. They will be entered on the Attachments Tab so only registered participants can view the information. Instructions are provided in the Attachment Tab section of this guide.

Sessions Tab

This is an optional feature to build out breakout sessions or a series within an event. Participants can select session items during the register process.

1. Enter the session title.
2. Enter the presenter's name.
3. Enter the room information or the word virtual.
4. Enter the number of seats.
5. Enter the start and end time.
6. Select Save.
7. Select Add Session to include another session item for the same date.
8. Repeat steps 1 – 6.
9. Enter instructions in text box to communicate how you want participants to sign-up for the sessions.
 - a. **Example #1** - Please select from one of two breakout sessions available from 9:00 am to 10:00 am.
 - b. **Example #2** - This event occurs every Tuesday for the month of October. Please select at least two sessions.
 - c. **Example #3** – Please select all the sessions you would like to attend. Be sure to select the “Lunch” session to ensure enough food and drinks.
10. Select Save
11. For multi-day events, select Add a Day to create a list of breakout sessions for an additional date.
12. Repeat steps 1 – 9.
13. Select Save

EXAMPLE:

7/24/2023 ([Edit Date](#))

Instructions

Please select from one of the two breakout sessions. Be sure to select "Lunch" so we can proper headcount for food and drinks.

Save

Session Title	Presenter	Room	# Seats	Start	End	
Welcome	Welcome	DPM Mather Room	20	9:00 AM	10:00 AM	
Breakout 1 - How to Engage	Breakout 1 - How to Engage	DPM Room A	10	10:00 AM	11:00 AM	
Breakout 2 - Beating The Odds	Breakout 2 - Beating The Odds	DPM - Room B	10	10:00 AM	11:00 AM	
Lunch	Lunch	Lunch Room	20	11:00 AM	12:00 PM	

NOTE: Virtual logistics such as a Zoom link will not be entered here. They will be entered on the Attachments Tab so only registered participants can view the information. Instructions are provided in the Attachment Tab section of this guide.

Enrollment Tab

Use this form to provide enrollment criteria for the event.

1. Participant Cost:

- No Cost - Leave the field empty.
- With Cost - Enter a value in the following format 25.00 and omit the \$ sign.

2. Total Participants - Enter the total number of participants that can register for the event.

3. # Days to Stop Enrollment:

- Enter the number of days prior to the event to stop accepting registrations.
- Enter the value in the following format: 3 for three calendar days.
- When the field is empty, participants can register up to and on the start date of the event.
- When the number of days entered is met, the event status on the public web site will be listed as closed.

4. **Event Type:**

- a) Public - Anyone can register for the event.
- b) Private - Only participants provided with the unique key code can register.

5. **Sharing a Private Key:**

- a) When private is selected, a unique key code will be displayed.
- b) The private key will need to be shared with the selected audience outside this system.
- c) When sharing the private key, consider the following information:
 - Remind recipients not to share or distribute the key with others.
 - Provide the steps on how to register for the event using the key:
 - i. Provide a link with the URL directly to your event listing.
 - ii. Select Register.
 - iii. Enter the private key.
 - iv. Complete the registration process.

6. **Refundable** – Check this box if you will offer a refund to registrations with a fee

7. **Budget String:**

- a. Complete this field only when there is a registration fee.
- b. Enter the budget code for the department to receive the funds from the Debit/Credit card transactions. Fiscal services will use the PayPal report to calculate and credit the funds to the budget code that was entered on this form.

8. Select Save

Attachments Tab

Use this form to upload and share pre and post event materials with registered participants. Attachments can be in the form of a link (*URL*) or a document (*Word, Excel, PPT, Google Docs, Sheets, Slides or Adobe PDFs*).

Pre-Event Examples:

- Prep work handouts
- Prep work videos
- Zoom links for the event or breakout sessions.

Post-Event Examples:

- Presentation documents
- Presentation videos
- Link to the event online survey

Example

Pre Event Materials				
Title	Type	Description	Created Date	Delete
Breakout Session 1 - Reese Witherspoon	URL	scoe.zoom.us/j/96084863577?from=addon	06-Jun-2023

Title	Type	Description	Created Date	Delete
Guide	Document		06-Jun-2023	

Templates Tab

Use this form to attach the feedback template, certificate template, and department/program logo previously created and stored in the PLRS.

1. Select a feedback template.
2. Select a certificate template.
3. Select a department or event Logo.
4. Select Save.

NOTE: Steps on how to create these templates are provided in the Feedback Template, Certificate Template and Department Logo sections of this guide.

Status Tab

Use this tab to preview, publish, unpublish or cancel an event.

Preview – Select this option to preview the event information to ensure accuracy.

Publish – Select this option to publish the event on the public website.

Un-Publish – Select this option to remove the event from the public website.

Cancel – Select this option to remove the event from the public website and discontinue registration.

Preview

1. Select Preview and review all the event information displayed on the event details page.
2. Use the browser back arrow when done.
3. When edits are needed, select the appropriate tab, make desired changes, and select Save.
4. Return to the Status Tab.

Publish

1. Select Publish.
2. Review the event information on the public web site to ensure accuracy.

Un-Publish an Event

1. Select Un-publish.
2. Make **minor** edits to your event information and select Publish.

NOTE: Only minor edits should be made to published events. Avoid any major changes that may negatively impact participants who have already registered.

- Minor Edit – a room change, updated zoom links.
- Major Edit – date change, cost change, reduced enrollment, or reduced window for enrollment.
- Some changes may require direct communication with all registered participants using Outlook.

Cancel an Event

1. Select Cancel when the event will no longer occur.
2. Access the Registration link on the left-hand side of the webpage.

3. Each registration record will need to be cancelled by selecting the Edit link in the Registration column.
4. Select Cancel.
5. Select Confirm to cancel the registration.
6. Select Submit.
7. Repeat steps 2 – 6 for each registration record.
8. An automated email will be sent to the participants notifying them of the cancelled event.

NOTES:

- Cancelled participants will continue to have access to their registration record.
- Participants can cancel their own registrations.
- Event Administrators will need to reconcile payments or process refunds outside the PLRS. Reference the Payment portion of this guide on how to track payment status.

SEARCH / EDIT RECORDS

1. From the Event Administration Dashboard, select Registration Events.
2. Use one or more of the search filters at the top to narrow search results (SCOE Division, SCOE Department, Event Name, or Start Date).
3. Select Search
OR
4. Select from the paginated list at the bottom of the page.
5. From the results table, sort events by selecting a column heading (Start Date, Event Name, Division Name, or Department Name) or use the pagination tabs to scroll through all records.
6. Locate the desired record.
7. Select the arrow icon in the Details column.
8. Access the event record.
9. Edit desired information.
10. Select Save

NOTES: Only minor edits should be made to published events. Avoid any major changes that may negatively impact participants who have already registered.

- Minor Edit – a room change, updated zoom links.
- Major Edit – date change, cost change, reduced enrollment, or reduced window for enrollment.
- Some changes may require direct communication with all registered participants using Outlook.

FEEDBACK TEMPLATE

Use this form to create and re-use a feedback template to gather input from participants.

Each template is pre-populated with the annual SCOE Standard Questions.

Customize a feedback template by adding program specific questions and response type (**List, Scale, and Text**). An example for each response type is provided below.

1. From the Event Admin. Dashboard, select Feedback Templates.
2. Select +Add New Feedback Template.
3. Select View Mandatory Questions to reference pre-populated questions to avoid duplication.
4. Enter a feedback template name.
5. Select the Division.
6. Select the Department.
7. Add a question with a **List** response:
 - a. Select Add Question.
 - b. Enter the question in the text box. Example - When should the next event occur?
 - c. Select the response type, **List**.
 - d. Enter list choices on a separate line. Example - Summer, Fall, Winter, Spring
 - e. Select Preview.
 - f. Select Save.
8. Add a question with a **Scale** response:
 - a. Select Add Question.
 - b. Enter the question in the text box. Example - This event was valuable.
 - c. Select the response type **Scale**.
 - d. Select Preview.
 - e. Select Save.
9. Add a question with a **Text** response:
 - a. Select Add Question.
 - b. Enter the question in the text box. Example – Who was your favorite presenter and why?
 - c. Select the response type **Text**.
 - d. Select Preview.
 - e. Select Save.
10. To preview the template, locate the template name from the list and select the eye icon.
11. To edit the template, locate the template name from the list and select the arrow icon. Make desired changes and select Save.
12. The feedback template is ready to be attached to a new event record.

CERTIFICATE TEMPLATE

Use this form to create and re-use custom certificate templates for events. Participants who have attended an event can download their certificates from the public website. Providing a certificate for an event is optional.

1. From the Admin Dashboard, select Certificate Templates.
2. Select +Add New Certificate Template.
3. Select the appropriate answer(s) from each of the drop-down menus.
4. Select the “?” icon for more information or to understand how to best provide an answer for a field.
5. Complete all required fields noted with an asterisk *.
6. Upload an optional department or program image file. Logos must be two hundred pixels wide by seventy pixels tall.
7. The SCOE Logo will automatically appear in the lower right-hand corner of the certificate.
8. Select Preview.
9. Select Save.
10. The certificate template is ready to be attached to a new event record.

NOTE: The participant’s name, event title and date are auto populated based on the event record information and participants attendance status.

DEPARTMENT LOGOS

Use this form to upload and re-use your department or program logos. Logos can be applied to event certificates, event listings and event detail web pages. Logos must be two hundred pixels wide by seventy pixels tall.

1. From the Admin Dashboard, select Department Logos.
2. Select +Add New Logo.
3. Select the Division.
4. Select the Department.
5. Enter the name of the logo.
6. Select Choose File to upload the image.
7. Select Save.

MANAGE REGISTRATION

Access the latest registration information for an event. Manage and update individual registration records or waitlist.

1. From the Event Administration Dashboard, select Registration Events.
 2. Use one or more of the search filters at the top to narrow search results (SCOE Division, SCOE Department, Event Name, or Start Date).
 3. Select Search
- OR
4. Select from the paginated list at the bottom of the page.
 5. From the results table, sort events by selecting a column heading (Start Date, Event Name, Division Name, or Department Name) or use the pagination tabs to scroll through all records.
 6. Locate the desired record.
 7. Select the arrow icon in the Details column.
 8. Select the Registration link on the left-hand side of the web page.
 9. Registration summary data will display: Total Seats, Registered, Available, Cancelled, Wait List and Refund Option.
 10. To edit a participants registration record, select Edit in the Registration column.
 11. Edit the registration record: (*participant contact information, payment status, or cancel registration*).
 12. Select Submit.

Example

Demo For New Users Enrollment

Total Seats: 35 Registered: 18 Available: 17 Cancelled: 2 Wait List: 0 Refundable: Yes

Registrations

Last Name	First Name	Email	School	Registration Status	Reg Date	Payment	Registration
O'Neill	Nancy	noneill@scoe.net	Antelope Creek Elementary	Registered	6/6/2023	Paid	Edit
Peterson	Joey	iamjoey1992@gmail.com	Anna McKenney Intermediate	Registered	6/6/2023	Unpaid	Edit
Peterason	JOey	iamjoey1992@gmail.com	County Office	Registered	6/6/2023	Unpaid	Edit
O'Neill	Nancy	noneill@scoe.net	Sierra Hills Elementary	Registered	6/6/2023	Unpaid	Edit

Manage Waitlist

During registration, a user can sign up on the waitlist when an event is full. Submitted requests are tracked in the order they are received. When a seat becomes available, an email is sent to the first name on the list with an invitation to register. If the seat is not reserved within 24 hours, an email will be sent to the next name on the list. The waitlist will end when enrollments are scheduled to stop.

When a waitlist has begun, it will appear at the bottom of the Registration page:

Waitlist					
Last Name	First Name	Email	Phone	Status	Waitlist
testwait	test	noneill@scoe.net	fgsdfsdgsdfd	(1)	Edit

Event Admins have the option to initiate an invitation to someone on the waitlist.

1. Locate the first name on the list and select Edit in the Registration column.
2. Select Approve.
3. Select submit.

Edit Waitlist

First Name *

test

Last Name *

testwait

Email *

noneill@scoe.net

Approve

Submit

4. The status will change to invite.
5. An email will be sent with an invitation to register.
6. If the recipient registers for the event, their record will move from the Waitlist table to the Registration table.

NAME BADGE

Download and print the list of registered attendees on name badge perforated paper or to download to Excel.

1. From the Event Administration Dashboard, select Registration Events.
2. Use one or more of the search filters at the top to narrow search results (SCOE Division, SCOE Department, Event Name, or Start Date).
3. Select Search
OR
4. Select from the paginated list at the bottom of the page.
5. From the results table, sort events by selecting a column heading (Start Date, Event Name, Division Name, or Department Name) or use the pagination tabs to scroll through all records.
6. Locate the desired record.
7. Select the arrow icon in the Details column.
8. Select Name Badge on the left-hand side of the web page.
9. Select Download Avery Template.
10. Select Print.
OR
11. Select Download to Excel.

SIGN-IN-SHEET

Print the names of registered attendees to gather signatures of participants for an onsite event.

1. Search for an event record via the filters; SCOE Division, SCOE Department, From the Event Administration Dashboard, select Registration Events.
2. Use one or more of the search filters at the top to narrow search results (SCOE Division, SCOE Department, Event Name, or Start Date).
3. Select Search
OR
4. Select from the paginated list at the bottom of the page.
5. From the results table, sort events by selecting a column heading (Start Date, Event Name, Division Name, or Department Name) or use the pagination tabs to scroll through all records.

6. Locate the desired record.
7. Select the arrow icon in the Details column.
8. Select Sign-In-Sheet on the left-hand side of the web page.
9. Select Print.

ATTENDANCE

Record the attendance for an event. Only participants with the status of attended can download their certificates or receive an email invitation to complete the online survey.

1. Search for an event record via the filters; SCOE Division, SCOE Department, From the Event Administration Dashboard, select Registration Events.
2. Use one or more of the search filters at the top to narrow search results (SCOE Division, SCOE Department, Event Name, or Start Date).
3. Select Search
OR
4. Select from the paginated list at the bottom of the page.
5. From the results table, sort events by selecting a column heading (Start Date, Event Name, Division Name, or Department Name) or use the pagination tabs to scroll through all records.
6. Locate the desired record.
7. Select the arrow icon in the Details column.
8. Select Attendance on the left-hand side of the web page.
9. Deselect the names of those who did not participate.
10. Select Save

REQUEST FEEDBACK

Solicit feedback about your event from participants using the Feedback Template attached to the event record.

Requests can be delivered in the following ways:

- **Online Feedback** - Select this option to access the online survey. Share the URL during and/or after the event.
- **Send Email Request** – Select this option to send a one-time email to participants with marked attendance. The message provides a direct link to the online survey. This can only be used one time for an event.
- **Add Link to Attachments Tab** – Copy/paste the URL to the online survey on Attachments Tab in the Post Events section of the web page.
- **Download / Print** – Print, distribute, and collect hardcopy results from participants. A SCOE staff member will need to login and manually enter the results into the online survey.

1. Search for an event record via the filters; SCOE Division, SCOE Department, From the Event Administration Dashboard, select Registration Events.
2. Use one or more of the search filters at the top to narrow search results (SCOE Division, SCOE Department, Event Name, or Start Date).
3. Select Search
OR
4. Select from the paginated list at the bottom of the page.
5. From the results table, sort events by selecting a column heading (Start Date, Event Name, Division Name, or Department Name) or use the pagination tabs to scroll through all records.
6. Locate the desired record.
7. Select the arrow icon in the Details column.
8. Select Feedback Request on the left-hand side of the web page.
9. Select one or methods to solicit feedback as listed above.

FEEDBACK RESULTS

Manage and track feedback results about your event. Use this page to manually enter feedback results obtained from hard copy surveys.

1. Search for an event record via the filters; SCOE Division, SCOE Department, From the Event Administration Dashboard, select Registration Events.
2. Use one or more of the search filters at the top to narrow search results (SCOE Division, SCOE Department, Event Name, or Start Date).
3. Select Search
OR
4. Select from the paginated list at the bottom of the page.
5. From the results table, sort events by selecting a column heading (Start Date, Event Name, Division Name, or Department Name) or use the pagination tabs to scroll through all records.
6. Locate the desired record.
7. Select the arrow icon in the Details column.
8. Select Feedback Results on the left-hand side of the web page.
9. Feedback results are displayed, Total Attendees, Response, No Response.
10. Select Manually Enter Feedback to submit results from hard copy surveys.
11. Select Download to obtain feedback results in Excel.

PAYMENTS

Participants can pay for events using the following payment types:

- **Debit/Credit Cards** – Payments are processed via PayPal. SCOE employees cannot use a Cal Card as a form of payment.
- **Purchase Orders** – Contact information and the PO number are required.

- **Personal Checks** – Payment should be sent to the Event Admin within 7 days prior to the event start date.
- **Inter-Program Contracts** – When one SCOE department needs to pay another. During registration, the user must have an account in the PLRS with a SCOE email address.

Manage and Track Payments

Use this feature to manage and track payments for an event. Utilize the information as a reminder to submit invoices and refunds via SCOE financial systems and processes.

1. Search for an event record via the filters; SCOE Division, SCOE Department, From the Event Administration Dashboard, select Registration Events.
2. Use one or more of the search filters at the top to narrow search results (SCOE Division, SCOE Department, Event Name, or Start Date).
3. Select Search
- OR
4. Select from the paginated list at the bottom of the page.
5. From the results table, sort events by selecting a column heading (Start Date, Event Name, Division Name, or Department Name) or use the pagination tabs to scroll through all records.
6. Locate the desired record.
7. Select the arrow icon in the Details column.
8. Select Payment on the left-hand side of the web page.
9. Payment status indicators are displayed: Registered, Credit card, Check, PO, Inter-Program Contract, Refundable.
10. The summary table provides a line item for each registered participant.
11. The Payment Type column describes the form of payment rendered.
 - a. Purchase Orders
 - b. Check
 - c. Inter-Program Contract
 - d. PayPal
12. The status column shows the latest payment status.
13. To update a payment or refund status, select the edit link in the Registration column to access the registration record.
14. Update the payment status.
15. Enter reminder notes in the Comment field as needed.
 - a. Example #1 – Paid registration was cancelled, process a refund.
 - b. Example #2 – Inter-Program Contract received, submit billing.
 - c. Example #3 – Check not received, contact participant for payment.
16. Select Submit.
17. Select Download to view the details of all registration records and payment information.

NOTE: Debit/Credit cards transactions are processed via PayPal. All PayPal revenue is deposited to a single SCOE account. Fiscal Services uses the PayPal report to calculate and move funds to the budget code listed in the event records.

REPORTS

PayPal

Download PayPal transactions by department and date range to view potential revenue to be received from Fiscal Services.

The report will provide the name of events, PayPal transaction IDs, the date of the transaction and the amount.

1. From the Dashboard, select PayPal Report.
2. Select the SCOE Division
3. Select the SCOE Department
4. Select the date range Month / Year – Month / Year.
5. Select Submit.
6. Download / export results to Excel.

Events

Download event records by department by date range.

1. From the Dashboard, select Registration Events Report.
2. Select the SCOE Division
3. Select the SCOE Department
4. Select the date range (fiscal year)
5. Select Submit.
6. Download / export results to Excel.

Public Website - Frequently Asked Questions

Below is a copy of the [Frequently asked questions](#) located on the homepage of the public website. Please refer to this information to best understand how others may search and register for your events.

Who should use the Professional Learning Registration System (PRLS)?

The PLRS is an online catalogue of professional learning events and activities provided by the Sacramento County Office of Education. These events serve our regional teachers, administrators, paraprofessionals, support staff, coaches, parents, guardians, community members and SCOE staff members.

Do I need an account to register for an event?

No, you do not need an account to register for an event.

Why should I create an account?

Creating an account will simplify the registration process and provide access to pending and past registered events, acquired certificates, event materials and logistics from your profile page.

Can bulk registration occur for an event?

Each event is unique and may require selecting specific topics or breakout sessions by participant. Bulk registration is not applicable. However, a person can register on behalf of others. (Always include the email address of the person attending.)

How does a waitlist work?

Submitted waitlist requests are tracked in the order they are received. When a seat becomes available, an email is sent to the first name on the list with the option to register. If the seat is not reserved within 24 hours, an email will be sent to the next name on the list. The waitlist will end when enrollments are scheduled to stop.

How do I register for a private event?

The Event Contact will provide a digital key. Select the event, enter the key, and complete the registration process.

What forms of payment can be applied for events with a cost?

Debit/credit cards via PayPal, or personal checks and purchase orders upon agreement with the Event Contact. SCOE employees with a PRLS account may also use an internal program contract. SCOE employees may not use a Cal Card.

Are payments refundable?

Some of the events provide a refund for cancelled reservations. Check the event listing for available options.

How do I access my registration information if I do not have an account?

You can access your registration information from the confirmation email or enter your confirmation I.D. in the search field on the homepage.

How do I access my registration information if I have an account?

Same options apply as above. In addition, you can log into your account and select registration records.

How do I access virtual logistics for an event?

Access your registration record in your confirmation email, search by confirmation I.D, or log into your account. From the registration record, select the *Materials and Logistics* link. Locate the virtual logistics for the event and/or breakout sessions.

How do I access the materials before or after an event?

Access your registration record in your confirmation email, search by confirmation I.D, or log into your account. From the registration record, select the *Materials and Logistics* link. Locate the materials in the Pre-Event or Post Event section of the page.

How do I obtain a certificate for an event?

Access your registration record in your confirmation email, search by confirmation I.D, or log into your account. From the registration record, select *Certificates*. The link will only appear when a certificate is available.

Who do I contact for help with an event?

For questions or concerns about the event (registrations, logistics, cancellations, payments, etc.) email the Event Contact listed for the event.

Who do I contact for help with a technical issue?

Anyone with an account can reset their password or change their contact information by following the steps provided on the website. SCOE staff members can submit technical requests at proflearn@scoe.net.
