What is the Non-Registration Event Tool?

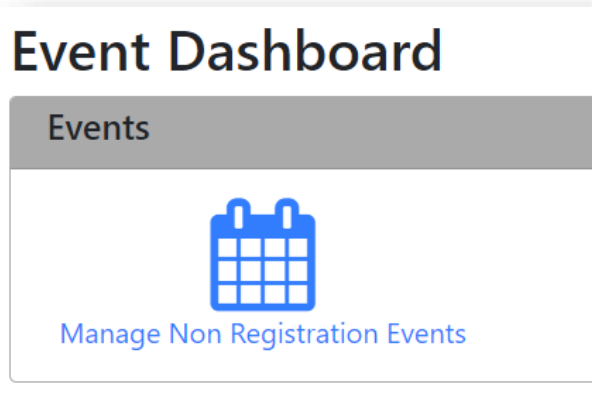

This tool is used for the purpose of collecting and tracking SCOE professional learning events where **attendee registration was not used** for participation. It is also for events that were not submitted in the [Go Sign Me Up](#) Event Registration System.

Why does SCOE want to manage and track this information?

SCOE Administrators and Board Members need to stay informed on how we are best serving our districts, schools, and agencies in a cohesive manner. They will receive this information at a minimum from the SCOE End of Year Reports. The data may support performance benchmarks as well as strategic planning activities. SCOE departments can also benefit using the information in the same manner.

Add a Non-Registration Event Record

1. Log-in at <https://proflern.scoe.net/>
2. Select “Manage Non-Registration Events” icon from the Event Dashboard

3. Select “Add New Non-Registration Event”

Add Non Registration Event

Save

4. Enter the general information for the event.

Note - Refer to the question mark icons to identify the most appropriate selection from a drop-down menu.

- Select your SCOE division.
- Select your SCOE department.
- Select a start date and end date.
- Enter the number of days for the event.
- Enter the name of the event.
- Provide a brief description.
- Select the event type.
- Select all the California regions the event was intended to serve.
- Select the type of location where the event took place.
- Select the funding source used to pay for the event.
- Select each type of audience the event was intended to serve.
- Select the type of support the event provides.
- Select each of the LCFF priorities that apply.
- If applicable, enter the names of distinguished speakers during the event.
- Select "Save."

5. Enter the attendance information for the event.

Note – Be sure to create an attendance record for each county and/or each school district in Sacramento.

County					Remove County
County		District			
Sacramento		San Juan Unified			
Teachers	1	Administrators	1	Support Staff	1
Counselors	1	Instructional Assistant / Paraprofessional	1	Expanded Learning Staff	1
Parent / Guardian	1	Community Member	1	Other	1
Charter School Attendees	Yes				
Teachers (Charter)	3	Administrators (Charter)	1	Support Staff (Charter)	3
				Other (Charter)	3

- Select a county.
- For Sacramento, select a school district.
- Enter a number for each attendee type. (*Non-charter school*)
- Select “yes” if there were any attendees from a Charter school.
- If yes, enter the number for each attendee type provided.
- Select “Add County” to create the next attendance record.
- Repeat steps 1 – 5.
- Select “Remove County” if you need to delete a record.
- Select “Save” when done entering all the attendance records.

6. Review the summary information for the event.
